

Annual Report 2021-22

PTA Meeting of S5 students (2019-2022 batch) on 17/7/2021

We had conducted a PTA meeting for the students of Semester V of 2019-2022 batch, after the announcement of their Semester II results, through Google meet (attendance details attached below). We had a pass percentage of 50% which was much lower than the expected outcome of the students. We shared our result analysis response with the parents.

The head of the department Ms. Shibi Krishnan and the class mentor Dr. Pillai Aswathy Mohan addressed the parents through the G-meet platform. We had a one to one interaction with the parents on the google meet platform. Parents ensured that they will be keen in monitoring their child's performance at home. Teachers (Ms. Shibi, Dr. Aswathy and Ms. Suchithra) also interacted with students in the presence of their parents to understand their weak areas and the kind of support needed. Parents mentioned that online classes and untimely examinations are causing great stress to the students in this pandemic period. However, the students extended their cooperation in the upcoming semesters to score better with proper assistance from teachers.
