STRATEGIC PLAN 2018 -19

- **Rain Water Harvesting Program**

The college faces acute shortage of water during the summer season. It can be solved by introducing a rain water harvesting programme.

- **Introduction of Yoga Course**

Certificate programmes in Yoga should be started. The students should be able to follow a healthy lifestyle for a healthy community. As Yoga is a traditional system of knowledge, it should be promoted among the student community.

- **Construction of Language lab**

A well developed language lab should be constructed for developing the linguistic proficiency of students. Students should be trained to use the lab efficiently.

- **Research centres**

Every PG department shall strive to develop into research departments. The research facilities in these departments shall be improved.

- **Differently abled friendly campus**

The facilities in the campus should be enhanced to accommodate differently abled students. There should be ramps, rails and accessible toilets for these students and thereby the campus be transformed into a more inclusive one.

- **Welfare measures for the staff**

There should be institution level welfare measures for the entire staff in addition to existing government measures. The staff should be able to contribute more to the institution.

- **Orientation Course for the staff**

An orientation programme should be conducted for the newly recruited staff. The new appointees shall be prepared to work more efficiently in the college.

- **Refresher Course**

Refresher courses should be conducted at the institutional level for the existing faculty members

- **Summer Schools**

Summer schools shall be conducted by all departments during the summer vacation. Separate programmes for high school and higher secondary students.

- **Internship Programmes**

Students of the college shall be encouraged to participate in internships offered by the premium institutions in the country.

- **National Science Exhibition**

A national level science exhibition shall be conducted by college. There should be invited talks on the emerging issues in connection with the exhibition.
