The college is affiliated to the University of Kerala, in 1966 and offers eight Degree courses (B.Sc., Chemistry, Commerce, Economics, English, Mathematics, Physics, Botany, Zoology). The Department of Zoology and Chemistry has been recognized as Research Centre by the University of Kerala in 2000 and 2012 respectively. The college was re-recognized at the B+ grade by the NAAC in 2012.

**About the Department**  
The Department of Chemistry was established in 1981 with an Under-Graduate programme and it was elevated to a Post-graduate Department in 1999 with M.Sc. Degree programme in Chemistry. The department was recognized as Research Centre by the University of Kerala in 2002. The department has three laboratories, one instrumentation room and a research lab equipped with modern instruments. The department is supported by funding from central and state organizations like DST, FST and KSCSTE. The Department has an alumni association, STEPHAN ALUMNI ASSOCIATION, which actively monitors its both academic and infrastructure development of the department.

**About the Seminar**  
Soft materials have been attracting considerable attention in recent times due to their interdisciplinary nature, multi-functional applications and superior behavior as applied E&M, Soft materials, with multifarious advantages over conventional materials, have found widespread applications in energy, nano and molecular electronics, smart photonic systems and biomedical devices. The seminar aims to bring together leading academicians, scientists, and researchers to exchange knowledge on all aspects of soft materials. The seminar is envisaged to provide an interdisciplinary platform for researchers, practitioners, industrialists and students to discuss innovations, trends, problems and solutions in this field.
